Subject: New Hire Announcement – Log Quality Control & Purchasing

ALTA Forest Products, welcomes Don Rouse to the Log Procurement Department. His responsibilities will include; development, implementation and maintenance of a full log quality control program. Don will be performing log inspections and check scaling at all Alta Forest Products mills and purchase yards in WA, OR & ID. Other duties include log de-barking and bucking inspections at all Alta mills. Don brings with him 15 years of log purchasing experience and will be an asset in assisting with log purchasing.

Don comes to us with extensive experience in lumber manufacturing, scaling, log buying and milling management. He earned his degree and teaching certificate from Eastern WA University majoring in Special Education. Don spent the last 22 years of his career with Butteville Lumber (a WRC fencing mill located in Onalaska, WA) where he held roles as the General Manager and in most recent years as President. Don lives in Winlock, WA with his wife Casey of 35 years and has 3 grown children. Don brings with him an enthusiastic attitude and unique skillset which we are excited to add to our team at Alta Forest Products.
